CORPORATE OVERVIEW

CHOP-OIL ENERGY LIMITED is a Nigerian-based oil, gas, maritime logistics, and energy consulting company committed to delivering integrated solutions across the energy value chain. Incorporated in Nigeria on 20th October 2009 under RC No. 850450, and in the United Kingdom under Reg. No 16165633, the company has grown into a strategic player providing consultancy, logistics coordination, petroleum trading and support, maritime operations support, refinery development advisory, solid minerals investment facilitation, and energy infrastructure solutions.

With operations and strategic relationships spanning Nigeria, Ghana, the United Kingdom, and other parts of West Africa, CHOP-OIL ENERGY LIMITED continues to position itself as a trusted partner for governments, investors, energy traders, refinery operators, maritime stakeholders, and international energy companies seeking credible opportunities within Africa's growing energy sector.

The company leverages strong industry relationships, technical expertise, operational experience, and regional market understanding to support clients across upstream, midstream, downstream, and maritime logistics operations.

To become Africa's leading integrated energy and maritime logistics company, recognized globally for excellence, innovation, reliability, and sustainable solutions.

To deliver innovative, reliable, and value-driven energy, maritime logistics, and consulting solutions through operational excellence, strategic partnerships, integrity, and innovation.

CORE VALUES

1

EXCELLENCE

We are committed to delivering world-class services that exceed client expectations

2

INTEGRITY

We uphold transparency, accountability, and ethical business practices in all our operations

3

PARTNERSHIP

We believe in long-term collaborations that create sustainable value for clients, stakeholders, and communities

4

RELIABILITY

We prioritize consistency, responsiveness, and dependable service delivery

5

SAFETY

We maintain strict compliance with international safety, environmental, and operational standards

6

INNOVATION

We continuously develop forward-thinking solutions that support industry growth and operational efficiency

7

STEWARDSHIP

We responsibly manage resources and protect the environment for future generations.

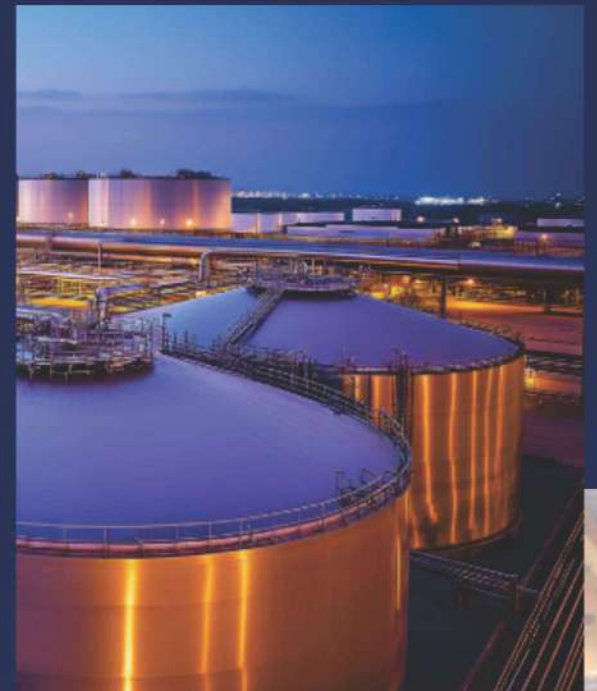

Oil & Gas Consulting

CHOP-OIL ENERGY LIMITED provides strategic and technical consultancy services to stakeholders within the oil and gas sector. We support clients in crude oil lifting coordination, petroleum product procurement, operational planning, regulatory guidance, transaction facilitation, and energy project advisory.

Our consulting services are tailored to help clients navigate the complex African energy market while ensuring operational efficiency and regulatory compliance.

Our consulting capabilities include:

- Crude oil lifting support
- Petroleum product sourcing and procurement
- Oil and gas investment advisory
- Energy project management
- Transaction support services
- Midstream and downstream operations advisory
- Commercial and technical consulting
- Regulatory and compliance advisory
- Logistics and operational coordination

Maritime Logistics & Vessel Operations

CHOP-OIL ENERGY LIMITED is strategically positioned within the maritime logistics sector, providing support services for the transportation and movement of petroleum products and related cargoes.

The company's long-term maritime strategy includes the acquisition and operation of modern double-hull tanker vessels to support the increasing regional demand for refined petroleum transportation across West Africa.

Maritime Services Include:

- Petroleum product transportation coordination
- Vessel acquisition advisory
- Cargo logistics management
- Marine operations support
- Ship-to-ship transfer coordination
- Chartering support services
- Vessel management consulting
- Cargo handling operations
- Marine logistics planning
- Offshore logistics support

Strategic Maritime Expansion

The company is actively developing a maritime investment program focused on acquiring:

- 10,000 MT double-hull flat-bottom tanker vessels
- 15,000 MT double-hull flat-bottom tanker vessels
- Future VLCC participation for international crude transportation

This strategic direction positions CHOP-OIL Energy Limited to become a major indigenous participant in West Africa's marine petroleum transportation ecosystem.

Refinery & Energy Infrastructure Development

CHOP-OIL ENERGY LIMITED provides consultancy and support services for energy infrastructure projects across Africa.

Areas of Expertise include:

- Modular refinery development
- Conventional refinery projects
- Tank farm development
- Petroleum storage infrastructure
- Filling station development
- Oil servicing facility support
- Energy logistics infrastructure
- Industrial energy project coordination

The company collaborates with investors, technical experts, and industry stakeholders to facilitate the successful planning and implementation of large-scale energy projects.

Crude Oil & Condensate Cargo Trading

CHOP-OIL Energy Limited provides comprehensive crude oil trading solutions, facilitating the sourcing, procurement, marketing, and supply of crude oil to qualified buyers and industry stakeholders. Leveraging strategic partnerships and extensive market knowledge, we coordinate transactions efficiently while ensuring regulatory compliance, commercial transparency, and seamless logistics from contract execution to cargo delivery.

CHOP-OIL Energy Limited also specializes in the trading and supply of condensate cargoes for refining, petrochemical, and industrial applications. We provide end-to-end transaction support, including sourcing, commercial negotiations, logistics coordination, documentation, and delivery management. Our commitment to reliability, efficiency, and industry best practices enables us to deliver secure and timely condensate trading solutions to clients across regional and international markets.

Solid Mineral & Mining Development

The company also participates in strategic investment facilitation within Nigeria's solid minerals sector.

Services include:

- Mining investment advisory
- Mining logistics coordination
- Industrial minerals consulting
- Project development support
- Mineral supply chain advisory

Refined Petroleum Product

PROCUREMENT & DISTRIBUTION

CHOP-OIL ENERGY LIMITED supports clients in the sourcing, procurement, storage, distribution, and marketing of petroleum products.

Products handling include:

- Automotive Gas Oil (AGO)
- Premium Motor Spirit (PMS)
- Aviation Gasoline (Avgas)
- Aviation Turbine Kerosine (ATK/Jet A-1)
- Dual Purpose Kerosene (DPK)
- Light Petroleum Gas (LPG)
- Crude Oil
- Marine Fuels
- Industrial Fuels
- Lubricants and derivatives

INDUSTRY POSITIONING

CHOP-OIL ENERGY LIMITED operates at the intersection of energy, logistics, and infrastructure development. With the expansion of refinery operations across Nigeria and West Africa, the demand for reliable maritime transportation, energy infrastructure, and petroleum logistics continues to increase.

The emergence of large-scale refining projects within Nigeria and the wider West African region has created significant opportunities for indigenous companies with strong local expertise and operational capabilities.

CHOP-OIL Energy Limited is strategically positioned to support:

- Regional petroleum transportation
- Marine fuel logistics
- Refinery supply chain operations
- Cross-border energy trade
- Industrial energy expansion
- International investor participation in Africa's energy sector

Why Choose CHOP-OIL Energy Limited?

STRONG INDUSTRY RELATIONSHIP

We maintain valuable relationships across the energy and maritime sectors, enabling efficient coordination and access to critical industry opportunities.

REGIONAL PRESENCE

Our operational reach across Nigeria, Ghana, the United Kingdom, and West Africa strengthens our ability to manage regional projects and international collaborations.

TECHNICAL & COMMERCIAL EXPERTISE

Our management team combines decades of experience in oil and gas, shipping, logistics, cargo handling, mining, industrial operations, and project management.

INDIGENOUS MARKET ADVANTAGE

As an indigenous African company, we possess extensive local market knowledge, regulatory understanding, and operational flexibility.

COMMITMENT TO INTERNATIONAL STANDARDS

We prioritize compliance with international operational, environmental, and safety standards across all projects and engagements.

LONG-TERM GROWTH STRATEGY

Our long-term vision includes fleet expansion, infrastructure development, strategic partnerships, and participation in international energy logistics operations.

MARKET OPPORTUNITIES

The West African energy market is experiencing sustained growth driven by:

- Increasing refinery capacity
- Rapid urbanization
- Industrial expansion
- Growth in transportation fuel demand
- Expansion of marine and aviation fuel consumption
- Increased regional trade activities
- Government support for local participation in oil and gas operations

Nigeria remains one of the leading energy markets in Africa, accounting for a significant portion of regional petroleum demand. The ongoing expansion of refining capacity and petroleum logistics infrastructure presents substantial opportunities for marine transportation and energy service providers.

CHOP-OIL Energy Limited intends to leverage these opportunities through strategic investments, partnerships, and operational expansion.

INTERNATIONAL & REGIONAL NETWORK

CHOP-OIL Energy Limited maintains relationships and collaborations with local and international stakeholders across:

- Nigeria
- Ghana
- United Kingdom
- Singapore
- United Arab Emirates
- Greece
- United States of America

The company's international consulting engagements and operational network support efficient project coordination and market access across multiple jurisdictions.

OPERATIONAL APPROACH

Our operational methodology focuses on delivering practical, efficient, and client-oriented solutions. Our approach includes:

- Comprehensive project evaluation
- Commercial and technical due diligence
- Strategic planning and execution
- Regulatory coordination
- Logistics management
- Risk assessment and mitigation
- Operational monitoring
- Client collaboration and reporting

We work closely with clients from project conception to execution, ensuring transparency, accountability, and measurable outcomes.

Health SAFETY

ENVIRONMENT

CHOP-OIL ENERGY LIMITED recognizes that safety and environmental responsibility are critical to sustainable operations. our operations are subject to various health, environmental, and safety regulations.

EHS Policy

Our EHS Policy outlines CHOP-OIL Energy Limited principles of environmental stewardship, maintaining safe and healthy workplaces for its employees, partners, contractors/Stakeholders and host communities, and ensuring compliance with environment, health and safety legislation, regulations and recognized industry standards.

CHOP-OIL Energy Limited has direct responsibility for environmental, health, safety and security matters for controlled areas, where the company is the technical services provider. Our HSE commitment includes:

- Compliance with international maritime and energy safety standards
- Environmental protection and sustainability practices
- Personnel safety training and awareness
- Operational risk management
- Emergency preparedness and response planning
- Preventive maintenance culture
- Continuous safety improvement systems

We remain committed to maintaining safe working environments while minimizing operational and environmental risks.

QUALITY ASSURANCE

We are committed to maintaining high standards of quality across all operational and consulting activities.

Our quality assurance objectives include:

- Delivering reliable and efficient services
- Meeting client specifications and expectations
- Continuous process improvement
- Professional project execution
- Compliance with regulatory standards
- Timely and cost-effective service delivery

MST. Lucky A. Omogo

Consultant / CEO

MST. LUCKY ALEXANDER OMOGO is a Consultant and the CEO of CHOP-OIL Energy Limited, with over twenty-five years of professional experience spanning maritime logistics, cargo handling, petroleum operations support, procurement coordination, industrial services, and strategic oil & gas consulting. Over the course of his career, he has built extensive operational experience within Nigeria's petroleum and maritime sectors, working across crude oil logistics, vessel coordination, cargo management, and energy transaction support services.

He previously served as an Industrial Attaché at NNPC Port Harcourt Refinery Area 3 and participated in operational activities within NNPC Loading Depots under Lanis Petroleum and A.A Tijani Petroleum. His professional background also includes roles as Commercial Manager for MT Alpine Queen, Managing Director of Sky Sledge Limited, Procurement Manager at Eurotech Limited, and Cargo/Logistics Manager at Mireconsole Integrated Services Limited.

Mst. Omogo holds a National Diploma in Cargo Handling and a Higher National Diploma in Shipping Management & Ports Administration. Under his leadership, CHOP-OIL Energy Limited continues to strengthen its position within the West African petroleum logistics and energy sector through strategic industry relationships, operational expertise, and a strong commitment to growth and excellence.

ENGR. Emmanuel A. Ogbu

Board Secretary / MD

ENGR. EMMANUEL ALEXANDER OGBU serves as the Secretary and Managing Director of CHOP-OIL Energy Limited and brings over twenty-six years of professional experience spanning mining engineering, drilling operations, industrial project coordination, quarry management, waste management, and infrastructure operations. Over the course of his career, he has occupied several strategic management and operational positions across notable industrial and engineering organizations including Zaria Paper Industry, The Essence Communications, Straberg Construction Company, Cal-Stone Limited, Emo Ashapura Energy, and Sky Sledge Limited. He has served in various capacities including Quarry Manager, General Manager of Operations, Projects Director, and Project/Mines Manager.

Ogbu possesses extensive expertise in technical project supervision, industrial operations management, resource coordination, and organizational administration. He holds a National Diploma and Higher National Diploma in Mining Engineering, a Postgraduate Diploma in Management, a Postgraduate Diploma in Mechanical Engineering, and a Master's Degree in Management.

His multidisciplinary experience and technical leadership continue to provide CHOP-OIL Energy Limited with strong operational governance, industrial management capability, and strategic project oversight.

ENGR. David A. Inuenwi

Director, Strategy & Operations

ENGR. DAVID A. INUENWI serves as Director of Strategy & Operations and Special Assistant to the CEO on Operations & Strategic coordination at CHOP-OIL Energy Limited. He is a strategic operations executive, technology innovator, and infrastructure systems specialist with multidisciplinary expertise spanning strategic operations management, infrastructure coordination, technology integration, business development, commercial systems planning, and digital transformation.

Within CHOP-OIL Energy Limited, he oversees operational optimization, strategic planning, commercial coordination, systems integration, and infrastructure alignment across the company's energy and logistics initiatives. His role supports operational efficiency, strategic expansion planning, commercial growth coordination, and long-term organizational scalability.

David is a seasoned technology and operations executive with a proven track record in developing innovative digital solutions for the energy and infrastructure sectors. He has successfully led the design and implementation of intelligent platforms focused on utility management and operational efficiency. His notable initiatives include the development of E-BiMS (Electricity Billing & Monitoring Solution), a technology-driven platform focused on smart prepaid meter bypass detection, GSM-enabled utility payment systems, energy revenue assurance technologies, and real-time infrastructure monitoring. Over the years, he has built strong expertise in systems engineering, infrastructure management, operational coordination, stakeholder engagement, strategic communication, project execution, and technology-driven operational solutions. He holds a Bachelor of Engineering (B.Eng.) in Electrical and Electronic Engineering from Akwa Ibom State University and is a member of the Nigerian Society of Engineers (NSE).

He is also a beneficiary of the USAID-SCALE sponsored Advocacy Marketplace Training Programme, reflecting his commitment to continuous professional development and strengthening his expertise in advocacy, stakeholder engagement, and strategic partnerships. He is also affiliated with the Association of Nigerian Inventors (ANI), International Association of Engineers (IAENG), IAENG Society of Wireless Networks, and the Organizational Development Network (ODN).

IMOH Etekpo

Director, Administration II

MR. IMOH ETEKPO serves as Director of Administration at CHOP-OIL Energy Limited and is a business development and organizational administration professional with experience spanning stakeholder engagement, business coordination, innovation support, training development, and institutional administration.

He is also the Managing Director of Bigger Biz Nigeria Limited, where he leads business growth initiatives, strategic partnerships, and enterprise development solutions across multiple sectors. Over the years, he has developed expertise in entrepreneurship support, intellectual property management, innovation commercialization, and organizational coordination.

Imoh previously served as Skills/Training Coordinator at Mboho Mkparawa Ibibio Orphanage, where he coordinated skills acquisition and empowerment programs. He currently serves as the National Secretary of the Association of Nigerian Inventors (ANI), overseeing administrative coordination, innovation promotion, and commercialization support initiatives.

He also contributes to the E-BiMS (Electricity Billing & Monitoring Solution) project alongside InfiniScript Technologies Limited, supporting stakeholder coordination, partnership development, and innovation commercialization efforts. Mr. Etekpo holds a Bachelor of Science (B.Sc.) degree in Physics (Geophysics) from the University of Calabar and has undertaken professional training through the World Intellectual Property Organization (WIPO) in intellectual property management and commercialization.

ALH. Isa Aminu Bayero

Director, Public Affairs

ALHAJI ISA AMINU BAYERO serves as Director of Public Affairs at CHOP-OIL Energy Limited and is a seasoned administrator, businessman, public affairs strategist, and political mobilizer with decades of leadership experience spanning public engagement, maritime services, logistics, oil and gas support services, and corporate administration.

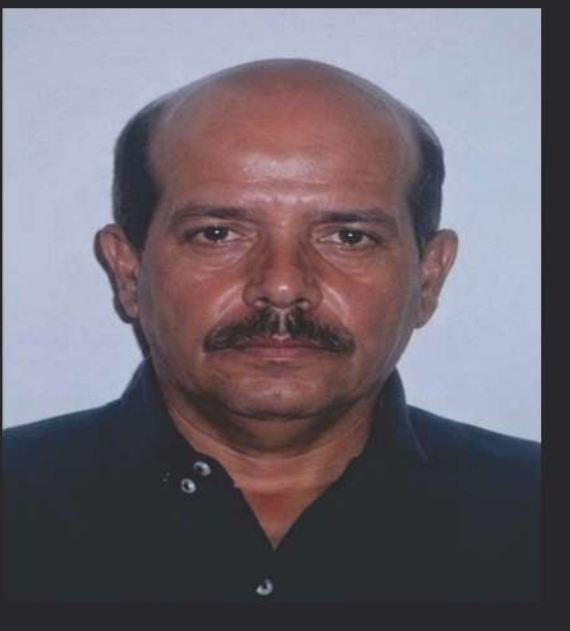

Over the years, he has held several executive and leadership positions including Chairman and Chief Executive of First BIA Nigeria Limited, Chairman of Bea-Plus Nigeria Limited, and Executive Director of maritime and shipping-related companies including Aruo Maritime Services Limited, Golden Marine and Shipping Agency Nigeria Limited, and Crown Spring Limited. These roles provided him with extensive experience in shipping operations, logistics coordination, maritime administration, and commercial management.

Alh. Bayero also possesses significant experience in national public affairs and political coordination, having served as National Chairman of the Buhari/Osinbajo Campaign Organization in 2015 and later as National Chairman of the Tinubu/Shettima National Support Organization in 2023. Through these leadership roles, he developed strong relationships across government institutions, traditional leadership structures, private sector organizations, and grassroots communities nationwide.

He holds a Diploma in English Language Education (DELE) from Ahmadu Bello University and remains widely respected for his communication, stakeholder engagement, and strategic relationship management capabilities.

At CHOP-OIL Energy Limited, he plays a key role in strengthening public relations, stakeholder management, corporate communications, and strategic partnerships across the company's oil and gas, shipping, logistics, and petroleum trading operations.

GIULIANO Cella

Advisor, Europe

MR. GIULIANO CELLA serves as the Europe Advisor to Chop-Oil Energy Limited and is currently the Managing Director of EUROTECH W.A. (Nig.) Limited. An Italian national, he is a highly experienced Mechanical and Civil Engineering professional as well as a Telecommunications Specialist with extensive international exposure.

Throughout his distinguished career, he has worked with several reputable international organizations, holding key technical and managerial positions that contributed to major engineering, infrastructure, and telecommunications projects. His vast professional experience, technical expertise, and international business network provide valuable strategic support to Chop-Oil Energy Limited's growth, international partnerships, and business development initiatives across Europe and beyond.

CHIU-LING Wang

Advisor, Asia & South America

MS. CHIU-LING WANG serves as CHOP-OIL Energy Limited's Advisor for the Asia and South America. She is an international business development strategist and global trade consultant with over twenty years of experience spanning international trade, investment promotion, infrastructure development, and cross-border business coordination across Asia, Africa, and America.

She serves as President and Chief Executive Officer of America Asia Africa Consulting Corporation (AAACC), an international development and consulting firm focused on promoting bilateral trade relations, infrastructure development, economic growth, and investment opportunities between America, Asia, and Africa. Through AAACC, she has participated in and supported major infrastructure and development initiatives across several African countries including Nigeria, Liberia, Niger, Chad, Burkina Faso, Congo, and Ivory Coast.

Wang also serves as Chief International Business Development Strategist with The Phoenix Group, where she develops strategic business expansion initiatives for emerging markets and supports

international trade and investment coordination. Her expertise includes trade analysis, corporate strategy, investor relations, and infrastructure development support.

Prior to her current leadership roles, she worked extensively with international trade companies specializing in finance, securities, insurance, and commercial development. She also serves as a principal mandate for MAI Group Thailand, a major oil and gas company in Southeast Asia, where she oversees oil and gas transaction coordination across Asia and the Middle East.

Fluent in English, Mandarin, Taiwanese, and Cantonese, Ms. Wang brings strong international communication, investor engagement, and global business development expertise to CHOP-OIL Energy Limited's international operations and strategic partnerships.

CHIEF Laolu Lawoyin

Senior Advisor, United Kingdom & North America

CHIEF LAOLU LAWYOIN serves as CHOP-OIL Energy Limited's Senior Advisor for the United Kingdom and North America. He is a highly experienced oil and gas professional with over three decades of industry experience spanning petroleum operations, energy business development, international stakeholder engagement, and strategic industry advisory.

Over the course of his career, Chief Lawoyin has built extensive knowledge across the global oil and gas sector, contributing to business development initiatives, operational coordination, industry partnerships, and international energy engagements within both African and international markets.

At CHOP-OIL Energy Limited, he provides strategic advisory support for the company's international operations, business relationships, and expansion initiatives across the United Kingdom and North America. His industry experience, global perspective, and strategic network continue to strengthen the company's international positioning and growth objectives.

ALH. Aliyu Muawiya

Senior Advisor, Africa

ALHAJI ALIYU MUAWIYA is a seasoned administrator and international relations expert serving as the Advisor for Africa at CHOP-OIL Energy Limited. With extensive experience in regional cooperation and institutional engagement across Africa, he has previously worked with both the African Union (AU) and the Economic Community of West African States (ECOWAS), contributing to strategic policy and regional development initiatives.

He attended primary school from 1984 to 1989 and completed his secondary education between 1990 and 1995. He obtained a Diploma in Public Administration from Kaduna Polytechnic, Kaduna State, between 1997 and 1999, and later earned a Higher National Diploma (HND) in Business Administration and Management between 2004 and 2005. He completed his National Youth Service Corps (NYSC) programme in 2007.

Alhaji Muawiya brings valuable leadership experience, administrative expertise, and strong continental relationships that support CHOP-Oil Energy Limited's strategic expansion and engagement across Africa.

Martins Okeke

Advisor, Canada & The Middle East

MR. MARTINS OKEKE serves as the Advisor for Canada and the Middle East at CHOP-OIL Energy Limited. He is a business development and customer experience professional with extensive international experience across aviation, real estate, petroleum, agriculture, and business consulting.

Currently, he also serves as an Advisor at Airports Council International (ACI) World, where he works closely with airports worldwide on customer experience initiatives, helping airport operators enhance passenger satisfaction, service quality, and operational excellence through internationally recognized customer experience and accreditation programs.

In addition to his role at ACI World, Martins is the Founder and Managing Director of Kymso Global Sourcing, a Montreal-based sourcing and advisory company specializing in

petroleum and agricultural commodities. Through Kymso Global Sourcing, he provides strategic advisory and brokerage support to organizations seeking reliable supply solutions for products such as bitumen, EN590 diesel, agricultural commodities, and other international trade opportunities across Canada and global markets.

Martins brings over a decade of experience in business development, sales leadership, operations management, and client relationship management. He has also built a strong background in real estate consulting, having worked in senior management positions within the UAE's real estate sector.

Holding a Master's degree in Business Management and a Bachelor's degree in Finance, Martins is passionate about connecting businesses, creating growth opportunities, and delivering practical solutions that drive long-term success across industries.

Re: Confirmation / Authentication / Verification of ATS Allocation - Chop-Oil Energy Ltd

We refer to your letter dated 09/08/2016 with above reference as subject requesting in writing, confirmation, authentication and verification of the Authority to Sale (ATS) issued in favour of Chop-Oil Energy Limited with following lifting approval codes;

COMD Allocation Ref No:	EXP.T/28/VOL.4/2322
Contract Ref No Code:	NNPC/BLCO/T.OPS/BON/279
Bulk Approval MPR Ref No:	DPR/DS/CTO/2018/VOL.89/093
Authorized Export License No:	EXP.T/28/VOL.4/2322
Cargo Ref No:	COMD/EXP.T/28/VOL.4/2322

We hereby confirm and authenticate that the above lifting approval number codes issued to **Chop-Oil Energy Limited** in the Authority to Sale (ATS) are correct and available for lifting.

The lifting shall be drawn from the bulk volume as approved under contract no: NNPC/BLCO/T.OPS/BON/279. The volume shall be 6 Million barrels x 12 months totalling 72 Million Barrels bulk approval.

By this verifications, you are required to conclude with your shipping and products payment arrangements for timely loading.

Accept the assurances of my best regards,

ENGR. E. _____ (COMD)
